**Re: Possible Removal of Boat From DNR Tidelands**

Dear Mr. & Mrs. Sesko:

As I have explained to you on the telephone, the City of Bremerton is willing to assume the expense of removing boats, which are located on tidelands, which adjoin your waterfront property located on Pennsylvania Avenue, which are owned by DNR. The City is only willing to remove such boats during the period that its contractor is on the Pennsylvania Avenue property, conducting the abatement action.

On January 18, 2002 you indicated that you would not allow the City to walk across your property in conjunction with this project. If you refuse to grant the City a temporary license to allow it to cross your property for the purpose of removing boats from the DNR property, the City will not undertake the project. If, however, you decide to grant the City contractors such a temporary license, the City is willing to fund the boat removal project so long as it is accomplished during the period the City contractors are on your property.

Please let me know within five days of the date of this letter whether you are willing to grant such temporary license to the City of Bremerton's contractors.

Very truly yours,
